EROMM a été créé comme une base de données internationale; elle aide les bibliothèques à coordonner le microfilmage et les autres activités de transposition sur un support de substitution dans le but de préserver l'information imprimée menacée par la fragilité du papier. En même temps EROMM sert d'outil de commande de copies de livres transposés sur un autre support.

Des UTILISATEURS ENREGISTRÉS (qui disposent d'une identification comme utilisateur) peuvent interroger la base de données. Tapez votre numéro d'utilisateur et votre mot de passe. Un programme d'aide en ligne peut être consulté à tout moment.
